

Don't Get Lost!

- As of November 1, 2005, OMEA maintains its own membership database and is separate from MENC. Therefore, although you may renew or update information through MENC, it is important to always maintain accurate information with OMEA.
- This database gives OMEA the ability to obtain and maintain an accurate database that will be used for all OMEA activities.
- Anytime any of your information concerning personal information, school information, or teaching areas changes, please go to the OMEA website and update.
- Update all information requested. ONLY school information will be posted on the OMEA website in the Members Only section and published on the vendor's disk. All other information is secure.
- All information is secured by Verisign
- You can designate where you want OMEA material to be sent—HOME or SCHOOL (this includes TRIAD and AE mailings)
 1. Go to the OMEA website—www.omea-ohio.org
 2. Click on the Campaign Logo on the homepage
 3. Follow the easy directions to update all of your information
